

Evolution Is Proven False By One Sentence.

This one sentence is bolded below.

For evolutionists to say, “Evolution can still be true because no evidence has been given to prove that it is false,” is clearly requiring an irrational insanity, saying, **“Show evidence (existence) to prove falsehood of existence.”** But falsehood of existence means (is) no evidence of existence. Falsehood is proven by NO evidence. Child simple.

Existence is the simplest subject for reasoning. Existence either is or is not.

Therefore, falsehood of evolution is proven, because no evidence in any form has ever been found in many thousands of past years. Evolutionists only demonstrate irrational insanity in insisting on its truth without any evidence demonstrated.

Truth (existence) is only proven by evidence (reality). To demonstrate (prove) a truth as possibly existing is simply to demonstrate its existence in any form or derivation of form, however slight. Child simple.

Intelligent design is clearly and infinitely demonstrated by evidence. No evidence in any form has been found for evolution.

The most educated in our world-system (the satan’s world of deception) often become totally blind to one thing that might help them know the truth of things. *“Don’t violate God’s Laws of created innate human mentality, for understanding and knowing anything of Truth, given to each human being, at birth.”* The satan blinds men’s minds to God’s creation mental gifts to man.

One of them is the *Law of Non-contradiction*. “Something cannot be and be, at the same time and in the same sense.” Here applied to thinking about evolution. See first two paragraphs above.
